

MAG324/325

BASIC HEVC IPTV/OTT SET-TOP BOX 

The cost-effective solution for your IPTV/OTT project with a full set of functions. MAG324/325 is a basic set-top box on a Broadcom chipset that supports HEVC compression. The device, therefore, runs quickly and with minimal network load.

Through its HDMI 1.4b output, you can enjoy high-quality video. We have also completely changed the case and remote control design, making it more ergonomic and easier to use.
